March 29, 2006

To Whom It May Concern:

This letter is to express how pleased we have been to work with Riess Construction, Inc.

In the past year Meredith Village Savings Bank has constructed two new offices that Riess Construction has been subcontracted to work on. The first job, located in Laconia, is a 17,000 sq. ft. branch which opened last August. Most recently, we are in the process of building an 18,000 square foot operations center next door to our Main Office. Riess is currently hard at work installing the siding on the building which is scheduled to be complete in May.

Riess Construction has been a pleasure to work with on both jobs. Although Riess was subcontracted through our project managers for each job, CCI and Bauen, Mike has been very involved in the building process, often attending jobsite meetings and always meeting our sometimes demanding schedules. I have called Mike personally to discuss questions regarding materials and he is always quick to personally return my phone calls and answer any questions I might have.

I would not hesitate to recommend Riess for any building project. I would be happy to give a verbal recommendation as well if you have additional questions. I can be reached directly at 279-9292.

Sincerely,

A handwritten signature in black ink that reads 'Alison B. Whynot'. The signature is fluid and cursive, with a long horizontal flourish extending to the right.

Alison B. Whynot
Facilities Officer
